Race Weekend travel tips

If you live in affected suburbs or need to access these suburbs during the Gold Coast Marathon weekend, please consider these travel tips.

- Add additional time to your journey in anticipation of delays.
- Due to this event, traffic in Southport and surrounding suburbs will be heavily congested.
- Use either Benowa Road or Currumburra Road when travelling north and south.
- Use High Street and Scarborough Street to access parking in Southport.
- Use Olsen Avenue and Oxley Drive to enter/exit Labrador, Runaway Bay and Paradise Point.
- If coming from Brisbane or north along the Pacific Motorway (M1), use Nerang-Broadbeach Road to access Surfers Paradise or any suburbs further south.
- Avoid travelling along the Gold Coast Highway between Southport and Mermaid Beach on Sunday 7 July as heavy traffic delays are expected from 7am to 12pm.
- Please note, to increase course capacity, this year the Gold Coast Highway in Mermaid Beach will be affected from Alexandra Ave to

Seashell Ave and in Surfers Paradise from Clifford St to Fern St. Road will be open but changed traffic conditions apply.

- Access across the course will be permitted under the direction of traffic controllers and police when deemed safe. There will be periods when the number of runners using the road restricts access.

Trams

The new 2024 Gold Coast Marathon course will see runners cross the tram tracks in Surfers Paradise on Sunday 7th July. Buses will replace the tram service between Broadbeach South Station and Cavill Avenue Station between 5:30am and 8:30am.

Tow Away Zones

Parking restrictions will apply on the course and vehicles will be towed at the owner's expense. Refer to event signage for these locations.

Broadwater Parklands Car Park (Gold Coast Aquatic Centre Car Park)

The Broadwater Parklands Car Park in Southport will be fully closed from 5am Monday 24 June to Thursday 11 July.

Boat Ramps

Access to boat ramps along the event course will be restricted during the race weekend. Please refer to the road closure summary for details.
